Terms and Conditions of Sale

This list cancels all previous quotations.

PRICES ARE NET. All bills are due in 60 days, unless other arrangements are made at time of sale. The prices named in this list are based upon present market conditions, and are subject to change without notice. We invite correspondence with prospective buyers, and shall be pleased to quote special prices on want lists calling for larger quantities than are named herein. On the other hand, these are *wholesale prices* and are applicable only to *wholesale* quantities; in no case will we fill retail orders, even though from nurserymen, at these prices. All orders must be made up in 10's or multiples of 10. Otherwise we reserve the right to decline them or to fill the orders at prices consistent with the quantity ordered.

PACKING. Will be done with every care, and always with the destination of the shipment in mind; we send Roses, Perennials, and other stock to the extreme South and to Pacific Coast points and very rarely have any loss in transit, owing to superior packing.

BOXES AND BALES will be charged for at *actual cost of materials used*. We make no charge for packing or for delivery to the railroad stations. We invite comparison of our charges with what others ask for the same sized boxes. Ours cost:

10 ft. x 10 in. x 12 in.....	\$1.10	6 ft. x 20 in. x 20 in.....	\$1.10
10 ft. x 14 in. x 16 in.....	1.30	6 ft. x 22 in. x 22 in.....	1.25

10 ft. x 28 in. x 28 in.....	2.25		

SHIPPING. We have the NEW YORK CENTRAL, the WEST SHORE, and the PENNSYLVANIA RAILROADS, and the AMERICAN, ADAMS, NATIONAL and WELLS FARGO EXPRESS, enabling us to ship in any direction over trunk lines. ~~CA~~ *All shipments travel at the risk and cost of the purchaser.*

TERMS. Usual terms to those of established credit or whose responsibility is *known to us*. Cash, security, or satisfactory references required of unknown parties.

All agreements and contracts are made subject to crop losses through unavoidable causes.

GUARANTY. We use every precaution to have all our stock true to label, and should any prove not to be so, we will replace it without charge or refund the purchase price, but all orders are accepted by us upon the mutual agreement between purchaser and ourselves, that we shall not be responsible for other damages.

~~CA~~ **CLAIMS.** For any cause, must be made promptly on receipt of goods. Any stock that is not exactly as represented, may be returned to us immediately on arrival, and we will cheerfully and without question, credit back the unsatisfactory plants, or send others; *but we will not entertain claims made after goods have been once accepted*, or when report is not made within six days after arrival of the stock.

INSPECTION AND FUMIGATION. Certificate will be furnished with every shipment and when required stock will be fumigated.

SPECIAL NOTICE. Correspondents are requested to use their printed business letter-heads. We do not quote prices to retail buyers nor sell to planters; we have *no retail trade* of our own, and sell to *the trade only*; in justice to our *only* customers, the Nurserymen, Florists, and large dealers who do their own packing, we use every effort to limit the distribution of trade prices to those we know to be entitled to receive them. *Use printed stationery.*

LOCATION. We are located thirty miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

Respectfully,

JACKSON & PERKINS COMPANY.

Newark, New York, September 14, 1915.

Roses

ROSE-GROWING CONTINUES TO BE OUR LEADING SPECIALTY. Newark Roses have a reputation the country over, as is evidenced by our large output—over a million yearly. Our blocks this season are as good as the best we have ever grown.

Having no retail trade of our own, sending out neither catalogs, nor agents, and selling nothing to planters, our ONLY customers—the Nurserymen and Florists—can expect the best we can grow.

b Budded Plants

o Own Root Plants

NOTE—When shipment is required so early in the fall as to make stripping necessary, an extra charge will be made of 1c each for Ramblers and Climbers, and $\frac{1}{2}$ c each for other roses.

GRADES—For Fall delivery, we offer only No. 1; in the Spring, we can supply Medium Grade plants at 30 per cent. and No. 2 at 50 per cent. off these prices.

TREE ROSES FOR LATE FALL OR SPRING DELIVERY

Imported, \$25.00 per 100.

In orders placed **now**, we can import any staple varieties that our customers may want.

NEW YORK, June 14, 1914.

"The goods were all up to the mark and we hope to give you a greater share of our business this year."

NEW YORK, May 7, 1915.

"AMPELOPSIS. Very good and in fine condition."

ILLINOIS, April 9, 1915.

"CLEMATIS received in fine shape. GOOD SERVICE, GOOD PACKING, GOOD PLANTS."

OKLAHOMA, April 1, 1915.

"ROSES, CLEMATIS, AMPELOPSIS. Arrived all right—Well pleased, fine rooted plants."

INDIANA, April 20, 1915.

"SPIREA arrived in A No. 1 shape. I thank you for such fine stuff."

CONNECTICUT, April 10, 1915.

"Of course, it goes without saying the stock I received from you was **VERY** satisfactory."

This list is intended for the trade only, and the prices given will be applied only when the quantities required are such as to entitle the purchaser to wholesale rates.

Clematis

Our success in growing Clematis free from the dreaded disease found in the Holland-grown plants, and the demand for the home-grown stock, has enabled us to hold the lead as the largest growers of Clematis in the world.

We grade our Clematis in three sizes, as we do our roses, and offer two grades under No. 1, which are described as follows:

No. 1½ grade will consist of plants just under first grade. They will be good thrifty stock, splendid plants for mail orders and suitable anywhere that an extra heavy grade is not required.

No. 2 grade will also do very nicely for mail trade, being healthy, well-rooted plants. We also recommend them for transplanting and growing on, as they will make fine, strong plants very quickly.

For early Fall Shipment, we offer No. 1 Grade only; lighter grades can be delivered any time after we dig and grade our Clematis in the late fall.

All strong, two years old, field grown—our leading specialty next to Roses—own root plants, free from blight.

Peonies

It is not necessary to grow a thousand or even a hundred varieties to have a collection that will include everything really worth while. We have sifted out all the duplicates, eliminating those with defects of any kind, and present here an assortment covering the entire range of colors, extending over the blooming season, and representing the very best out of hundreds of varieties gotten together from specialists in France, England, Holland, Japan, and in this country. Strong divisions, with three to five good eyes.

CHERRIES—on Mazzard, 2 years

We have talked "Mazzard" for ten years and we are still talking "Mazzard." It is the only stock for Cherries of all kinds. The trees are larger, better rooted and longer-lived, and make more profitable orchards—and planters are finding it out...

PLANTING STOCK

MANETTI ROSE STOCKS

	Per 1000
English Grown, 5-9 mm	\$12.00
English Grown, 3-5 mm	10.00
French Grown, 5-9 mm	10.00
French Grown, 3-5 mm	8.00

These prices are for the stocks here at Newark, duty and ALL IMPORTING EXPENSES PAID. Our customers are not required to take Manetti Stocks "JUST AS THEY RUN": we unpack and re-grade all our Manetti, separating them into two sizes and throwing out all that are not sound, well-rooted and fit for use. The inevitable shrinkage is eliminated by US, not by our customers, who get stocks they can USE—ALL of them.

FRENCH STOCKS. We are Sole American Agents for MR. CHARLES DETRICHE, SR., Angers, France, one of the best growers, graders and packers among the French nurserymen. Mr. Detriché's complete price-list of FRUIT TREE SEEDLINGS and young ORNAMENTALS for nursery planting, will be sent on request.

APPLE SEEDLINGS. Topeka-Kansas-grown, from our own blocks, and graded up to the highest standard. On account of the impossibility of making prices on seedlings except for IMMEDIATE acceptance at this season of the year, we ask intending buyers to WRITE FOR QUOTATIONS, and WE GUARANTEE OUR PRICES to be in line with the market.

This list is intended for the trade only, and the prices given will be applied only when the quantities required are such as to entitle the purchaser to wholesale rates.

FORCING STOCK FOR FLORISTS

“MADE IN AMERICA”

	Per 100
DEUTZIA GRACILIS. Fine, bushy clumps in 6-inch pots	\$20.00
DEUTZIA LEMOINE. Well-branched, stocky plants for forcing in 6-inch pots	20.00
ASTILBE JAPONICA, (Herbaceous Spireas), imported clumps, especially grown for forcing	
Gladstone, white	8.00
Queen Alexander, pink	10.00
Peach Blossom, pink	10.00

LILACS. Pot-grown, another “Made in America” line which we have added after several years of experimenting. The results have been very satisfactory. The home-grown plants in the same house with Lilacs from Holland, Germany and France, forcing far better, throwing a bloom from every shoot. The weight and bulk of pot-grown Lilacs makes the importing expense add so much to the cost, that the foreign Lilacs cannot compete with our home-grown plants which we sell out of 6-inch pots at \$60.00 per hundred. Our varieties are Marie Le Graye, Charles X, Souvenir de Ludwig Späth, Mme. Lemoine, Touissant l’Amenethene, Congo, etc.

GENISTAS. In 5-inch pots; nice, compact plants at \$20.00 the hundred. These YELLOW FLOWERED GENISTAS are a relief from the monotony of pink and red.

HYDRANGEAS. Plants grown in 6-inch pots for forcing for Easter and Decoration Day.

	Per 100
Otaksa, with 7 to 10 branches	\$25.00
Otaksa, with 5 and 6 branches	20.00
Otaksa, with 4 branches	15.00

NEW FRENCH VARIETIES:

Avalanche	}	with 7 to 10 branches	\$30.00
Bouquet Rose		with 5 and 6 branches	25.00
La Lorraine		with 4 branches	20.00
Mme. Maurice Hamar			
Mme. E. Mouilliere			
Radiant			

They are all in 6-inch pots; foliage dark green; branches strong and “fat” with the promise of big blooms and plenty of them; the best lot of Hydrangeas, in fact, that we have ever grown. We sell between thirty and forty thousand every year; we could not do it if our Hydrangeas did not give satisfactory and profitable results to our customers.

We cannot undertake to supply long and much assorted list of stock calling for only small quantities of each kind, save at an advance above our printed rates according to quantity.
